ST. JOHANN IN TIROL

To Whom It May Concern:

I would like to confirm that Warren Smith has performed in Bunnys Pub, which is an Australian pub situated in the Austrian Alps, since the winter of 1998/1999. In the time Warren has played in Bunnys, either as a soloist, duo or with a band, he has showed professionalism in his work whilst entertaining the guests at the same time.

Bunnys Pub also hosts an Austrian Australian Beerfest in the main square of the village, which entertains over 2500 people each year. Warren performed and entertained these guests with great ease in the summer of 1999.

Whilst being employed in Bunnys Pub, we received many phone calls from neighbouring bars asking if Warren could entertain their guests on his free nights. This was a common occurrence throughout the winter seasons and proves that Warrens both professionalism and entertainment ability is of the highest standard.

I am happy to recommend Warren to any prospective employers on his solo ability as well as being a member of a band. He has performed as both of the above in Bunnys Pub on numerous occasions and the guests have been thoroughly entertained each time. Warren's repertoire of music is suited to entertain almost anybody.

I would like to wish Warren the best of luck for the future and look forward to him returning to Bunnys Pub to entertain us once again. If you have any queries regarding Warrens ability, please don't hesitate to contact me on the below numbers for confirmation.

Yours sincerely,

Paul Neubecker
Manager
Bunnys Pub
