To Whom It May Concern:

I first met Warren Smith in Cairns on the Western Bulldogs 1997 end of year trip. We were walking past the Fox'n'Firkin Tavern when we heard some great music coming from the balcony. Well, that night ended up being the best of the trip with Wozza belting out hits from 'Live', 'Pearl Jam', 'Screaming Jets', 'Bush' and old classics from 'Cat Stevens', 'Neil Diamond' and 'Neil Young'. We were all so amazed in his repertoire and his performance that I decided to book Wozza for my engagement party on his arrival back in Melbourne.

Subsequently, the football club continues to book Wozza on function nights and we often catch up with him at his pub gigs around Melbourne. I therefore highly recommend Wozza for any type of occasion, be it the quietest restaurant or the loudest pub due to his feel for music, friendly manner and his ability to entertain.

Yours sincerely,
